1. It is reported that the Communist Party of Peru (PCP) has received a communication from the Communist Party of Argentina (CPA) calling attention to Soviet radio broadcasts to Latin America on the 19, 25, and 30 meter bands from 7 to 9 p.m.
2. Since the hour and frequency of these broadcasts have recently been altered with improved reception, it is believed that the programs are monitored and the hour and wave length adapted accordingly. Since source was unable to uncover any such monitoring activities on the part of the PCP, it is suspected that this recent display of interest from Argentina may indicate that monitoring is done there, possibly by the Soviet Embassy itself in Buenos Aires.
